ADMINISTRATION &

FACULTY 78

Mr. Tom Sandifer

Congratulations are in order to Mr. Sandifer for an outstanding first year as our superintendent. Under Mr. Sandifer's capable leadership our school is expanding. Work is to be completed in January, 1979, on a new elementary, a new homemaking building, new facilities for the administrative offices, and renovation of the existing school. Thanks to you, Mr. Sandifer, for a job well done.

Mrs. Alice Bartlett
Tax Assessor-Collector

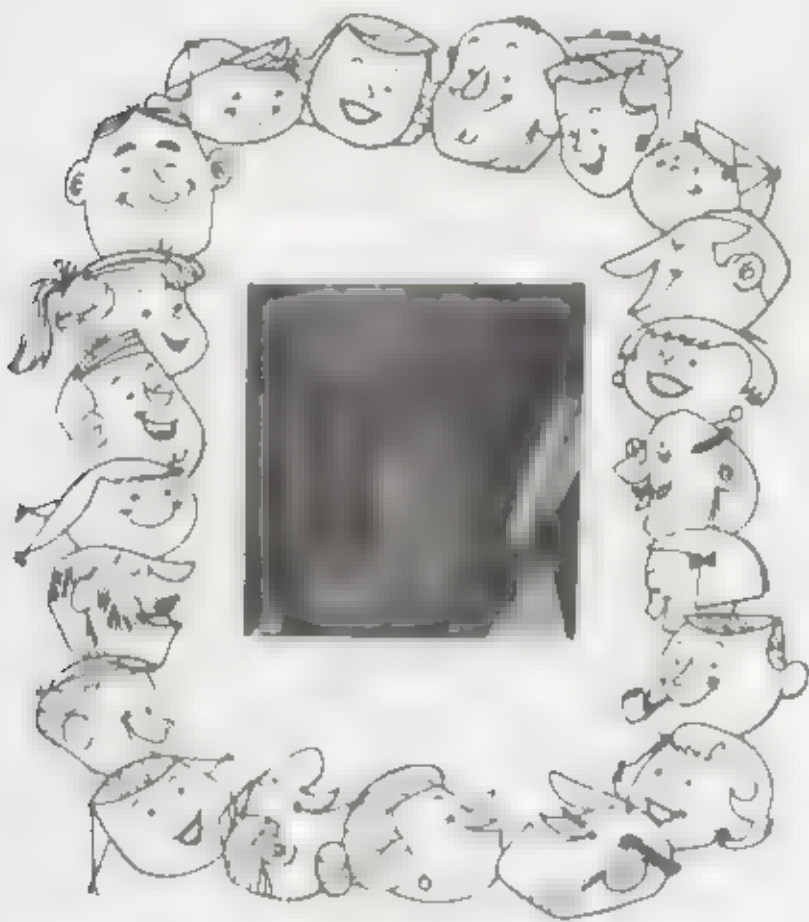

Mrs. Bobbie Hansen
Financial Secretary

Our thanks to you Mr. Riley, for your efforts in making this a better year for all of us. We appreciate your being around when the going got rough and we value you not only as an advisor but also as a friend.

Mr. Ken Riley

Paul Kluge, a teacher new to Lorena this year, was awarded the honor of Favorite Teacher for '77-'78. His duties include teaching science and coaching. He is also co-sponsor of the Senior Class and the Science Club. To sum Mr. Kluge up in one sentence, "They always say preachers' kids are the worst!"

Look who's always in the center of things!

PROPHECY

PROPHECY FOR THE CLASS OF 1978 LORENA HIGH SCHOOL

The Seniors were flying to Bermuda for their Senior Trip when their plane suddenly disappeared in the Bermuda Triangle. Hopelessly lost, the Seniors were forced to take survival into their own hands. Ten years later in 1988, they were found marooned on an island

SHAREE ALEXANDER & BRENDA DOWNEY: They have the island's only catering service which specializes mainly in skin-care products. They also own the island's largest rubber tree plantation

BEN BOUNDS: The island's evangelist

ELICIA BABB: She owns the island's gossip column. If she could run as fast as she spreads gossip, she would win the Olympics.

STEVE BAUGH: Steve rescued his motorcycle from the wreckage, then Tonie. But we don't know which smokes more—Steve or his motorcycle.

BYRON BOSTICK: Byron, now 28, owns a harem of 10 year-olds. Why does he pick 10 year olds? Because 11 year olds are too mature

PAT BROWDER, KENNY VOILES, & SCOTT PIERCE: They own the island's only entertainment center called "Too Much." Pat's the bartender; he tends to drink up all the beer. Scott is the MC, affectionately called "Chuckie Baby." Kenny supplies the dancing nightly from 8:00-10:00 in his "boogie shoes."

KIM DEES: Kim owns the island's "Pawn Shop," where she specializes in diamond engagement rings. She also works nights as an undercover agent.

GREG DROTT. Greg is affectionately known as the "big man" on the island. He is also known as the "Great White Pigmy God."

PATTI FARNEY: Patti was a last minute addition to the Senior Class and she got to go on the trip. She has now started her own

FHA Chapter and teaches twirling to Byron's Harem.

KENNY GLAZE. Kenny runs the island's body-building center. He can now lift two coconuts and weighs 127 pounds soaking wet.

RAY HOLT: In the crash Ray lost all of his luggage and all of his clothes. All he has worn for these past ten years is that *one* T-shirt (you know the one—that has the girl and guy on it) and one pair of jeans

JEFF KUNZE: Jeff is *still* going with Kim Dees. In fact he will be entered into the Guinness Book of World Records for going the longest with Kim. After they are rescued, they hope to appear on *Tattletales* but they probably won't get their stories straight.

PHIL LOSSING: Phil hasn't really found his place on the island yet because he is still grieving over the fact that David Dees & all of *them* sheep didn't get to make the trip

SANDY MAGEE & KAYLA MOORE: They have a plantation where they have developed an herb that when smoked serves as an aphrodisiac & makes you forget all your problems.

GRACIE MALDONADO: Gracie owns the island's only dress shop specializing in Oriental rugs.

DANNY PLEMONS & LESIA RILEY: They live in a tree house. Danny works daytimes practicing cliff diving with a hard hat. Lesia has opened a Piggly Wiggly. At night Danny works as the island's only forklift. Their nicknames are Piggly. Can you guess which one is Wiggly?

RANDY ROSS: Randy is working as the island's dentist. At night he is doing research to develop his own toothpaste—*Ultra White Smile Randy!*

BECKY STRACKE: Becky has invented a new type of bra—takes 40 coconut shells and 2 rubber trees.

RICKY WEBB: Ricky brought along his pick & shovel and is currently in the process of farming the entire island. At night he gives lessons on hand-to-hand combat.

The two sides of Jeff Drott.

"Good evening ladies, gentlemen, and Mr. Riley."

The future of Lorena High School is in *their* hands

Wonder if Mr. Roessler is thinking of multiplying?

Wonder what the Voiles brothers are doing *after* the prom?????

And that's the way it is!
